MUNICIPAL EMPLOYEES'
RETIREMENT SYSTEM
OF LOUISIANA

October 16, 2025

To: Susan Percle, Chair, and Board of Trustees
Municipal Employees' Retirement System of Louisiana

I have completed the accompanying statements of fiduciary net position (draft pending final audit review) of the Municipal Employees' Retirement System of Louisiana (MERS) as of June 30, 2025, and the related statement of changes in fiduciary net position (draft pending final audit review) for the same month then ended. Also, included are comparative statements for June 30, 2024.

It is MERS understanding that management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of these financial statements.

Management has elected to omit substantially all the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusion about MERS' financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters. The enclosed statements are intended for the Board's interim review relative to the financial position and results of operations of MERS. The audited financial statements with all required disclosures will be presented at the December 11, 2025, Board Meeting.

These statements are in draft format, pending final audit review and do not include the transfer of assets between plans that will be provided by the actuary with the actuarial valuation.

Please advise if you have questions or comments on any of the enclosed.

Sincerely,

Nancy LaGarde
