

January 22, 2026

To: Ty Carlos, Chair, and Board of Trustees
Municipal Employees' Retirement System of Louisiana

I have completed the accompanying statements of fiduciary net position of the Municipal Employees' Retirement System of Louisiana (MERS) as of November 30, 2025, and the related statement of changes in fiduciary net position for the same month then ended. Also, included are comparative statements for November 30, 2024.

It is MERS understanding that management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of these financial statements.

Management has elected to omit substantially all the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusion about MERS' financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters. The enclosed statements are intended for the Board's interim review relative to the financial position and results of operations of MERS.

These statements are preliminary, include all investment related entries up to November 30, 2025, but do not contain all the entries necessary for audit and final closing purposes.

Please advise if you have questions or comments on any of the enclosed.

Sincerely,

Nancy LaGarde CPA, MBA, CGMA
Chief Financial Officer
